Billing & Important Notes

Billing is charged immediately upon upgrading. Annual subscriptions are billed once per year.

- Cancellations take effect at the end of the current billing period — benefits remain active until then.
 - Canceled subscriptions still within the paid period can be reactivated ("Resume Subscription").
 - Upgrading from Pro to Premier is available at any time; the price difference is prorated.
 - Stripe processes all payments securely. No payment data is stored on SpeakerSphere servers.
 - Admin-assigned SDS and SDS Faculty badges may boost search ranking within a tier (not purchasable).
 - Storage counts all uploaded files (PDFs, images). Video links are external URLs and do not use storage.
 - Analytics data is only collected for Premier speakers. Basic and Pro speakers see a locked analytics tab.
 - Topic display limits apply to the public profile only; all topics are stored and managed in the dashboard.
